

Bridal Show Timesavers

Three great idea that will reduce stress and keep you organized.

Bridal show stickers

Bring with you, to the shows, stickers of some type. Smiley faces, stars, whatever floats your boat. When you find a vendor you like, place a sticker on their info sheet or whatever you collected from them. Once you get home, if it didn't have a sticker on it, toss it out. You didn't like them you're not going to follow up with them. Less clutter.

Wedding Email Account

Create an email account just for your wedding planning. This is the email address you give out at bridal shows and even you vendors. This will keep you work or other personal email account from being bombarded after shows.

Mailing labels

Many vendors at the show may ask you to fill out a form of some type. If you bring a printed mailing label sheet with all of your info ready, you'll save a lot of time writing.

We hope these tips are helpful. Any questions, or if you're ready for a meeting, email or call or see us before you leave the show. If you set up a meeting while at the show, we'll give you a coupon for something special.
